Los Roques
WIND

EXPERIENCE 2024

Dates : 21 - 28 November 2024

Place: Los Roques Archipelago – Venezuela

Have you Dreamed of actually do your favorite Wind Sport in Heaven? Well now it's time to make it REAL!

Well this is my favorite peace of **Heaven on Earth**, it's like as if you were dreaming, it's one of those places you have to visit at least once in your life!

Los Roques is a beautiful archipelago of Islands situated approx. 80 miles from La Guaira (Venezuelan Coast) it has over 300 islands and sandbars, the water is as blue as you can get and the sand is powdering white, a **truly paradise**.

We want to show you and sail with you in my favorite paradise , between islands and if you are lucky enough to get waves, **we can go to the waves!**

I've been going to Los Roques for the past 20 years and I want to take you to my favorite spots around the Archipelago cruising on your **Windsurf, kite or Wing foil**.

Our experience will include pretty much everything you need, except your flight from Home to Caracas – Home . Once you arrive to Caracas all you need to do is check in for a 40 minutes flight to Los Roques (I will have a person waiting for your at arrivals to help you check in)! then **Welcome to Paradise!** (you might stay one night at a hotel in Caracas depending on your arrival to Caracas (Extra charge for hotel).

Los Roques
WIND

EXPERIENCE 2024

How's the real situation in Venezuela?

Since a couple years ago, situation is really much better, its safe, there's big step on economy, peoples attitude are different and we really see a progress in the country. Los Roques is and always has been to me one of the safest places I have been in the world and you don't have to worry about it! if you need more details send me a message and I will be happy to answer all your questions!

Los Roques
WIND

EXPERIENCE 2024

Windsurfing

To windsurf in Los Roques is a big privilege and very special, not many people does it as it is very limited to bring windsurfing gear over there, you can only bring windsurfing gear by boat as the airplanes are quite small. This is a big advantage, you can chose to windsurf either on flat water, choppy and sometimes even on some waves if you are lucky enough.

Los Roques
WIND

EXPERIENCE 2024

Kitesurfing

This sport has endless options, learning from scratch with one of our teachers, perfect your upwind in the shallow crystal waters, jumping over the sand cays, surfing the waves, or by doing the local famous kite safari through the coral reef. Be aware you may not want to stop until it gets dark, but keep calm your crew has you covered.

Los Roques has hundreds of spots to kitesurf and again, you can enjoy all kinds of blues and even see some marine wild life while you kite!

Wing foiling

It is really a wing foiling Paradise, you can cruise around the islands on your own as its always protected and on the outside barrier it's a perfect place to do downwinders and ride the wind swell!, there are lots of shallow places but the water is so clear that you can see the shallow waters with your own eyes, but the group will have a guide to make sure you go in the right direction.
