

Rancho do Peixe

Located in Preá Beach, 12 km from Jericoacoara, Pousada Rancho do Peixe offers 22 exclusive bungalows with charm, comfort and privacy. It is an ideal refuge for those seeking for rest and contact with the nature.

The bungalows were entirely built with local materials and decorated with handmade products. The rustic decoration enhances the environment and the local characteristics, besides the work and culture of the natives.

Such concerns reflect one of the major philosophies of Pousada Rancho do Peixe, the sustainability. We believe and take actions that make a difference and contribute to an integrated development with the community. Separation and recycling, awareness campaigns and buildings with reforested wood are just some of our actions.

The accommodations are designed so that natural ventilation dispenses the use of air conditioning, enabling the guest to easily adapt to the environment and enjoy an authentic experience amid nature. The private decks are equipped with hammocks, and some of the bungalows are situated near the coconut garden and others are facing a fascinating view of Preá Beach and its beautiful sunset.

Among other facilities, the hotel offers a relaxing space with a variety of massages and treatments, a restaurant focused on regional cuisine, a bar and a refreshing 25m pool.

Rancho do Peixe also has a school named Rancho do Kite, which has a storage area for the guest's equipment, qualified instructors for courses and equipment rental. After all, good winds make Praia do Preá the ideal place to practice kitesurfing.

For those wishing to visit the center of Jericoacoara, there is a complimentary daily private shuttle service for all guests.
